Dear all,

“We are what we repeatedly do. Excellence, then, is not an act, but a habit.” said by **Aristotle**.

**Greetings from the Greater Noida Institute of professional Studies....**

It is a matter of pride as well as pleasure to present before our readers next issue of “**laokn**”. We have put whole-hearted endeavors to give a complete and kaleidoscopic view of laudable achievements of different departments of our institute. A college Newsletter mirrors the success story of an institution and act as a great medium to reach out to the outer world. It reflects upon the persistent and committed efforts made by faculty, staff and students for taking the institution one step ahead. We congratulate everyone for their bit of service for the institution. We also congratulate the editorial team for bringing out present issue of newsletter.

Wish you happy and thoughtful reading.

Thank you

## DEPARTMENTAL ACTIVITIES

### 1. Guest Lecture “Experience the Benefits of Machine Learning and Artificial Intelligence” On April 4, 2022

HAWK INSIGHTS the IT Club of GNIOT Institute of Professional Studies organized a guest lecture for BCA students on the topic “Experience the Benefits of Machine Learning and Artificial Intelligence” from 4th March 2022(Monday),2.00 pm onwards.

The event started with its ceremonial Lamp Lighting and Saraswati Vandana. The Principal of the college Dr. Savita Mohan welcomed the Resource Person. Madam in her inaugural address emphasized the importance of AI & Machine Learning not only in professional but also in personal front of life. The learned resource person of the event was Mr. Prashant Gangwar, Senior Consultant, UpBrain Skill Solution, New Delhi. Mr. Prashant Gangwar stressed the pivotal role of Artificial Intelligence & Machine Learning is playing in our day

to day. He provided insights that presently Artificial Intelligence and Machine Learning are a part of the fifth generation of computer programming language. He threw light on concepts like Heuristics, NLP, Knowledge Representation, and Automated Reasoning. AI and Machine Students acquired awareness of various application areas of Artificial Intelligence, its advantages, and disadvantages. A vote of thanks was extended to Dr. Avijit Dey, Dean of Greater Noida Institute of Professional Studies. The success of the event was embarked by the interactive and exploring queries raised by the students. The active interest and enthusiasm of the students could be gauged by the high level of interaction generated in the session. The session was well organized and executed by faculty members of the BCA department under the able guidance of Prof. V.K. Pallaw, Head of the Department, BCA.

## 2. Guest Lecture “Challenges of HR in 21st Century” on April 5, 2022

“When given the proper tools and the trust to be empowered and make decisions, HR can be one of the most vital voices at the table”. With this thing in mind, a Guest lecture was delivered by

Ms. Sakina Husain, the HR advisor at (Mott MacDonald Pvt. Ltd.) at GNIOT Institute of Professional Studies on 5th April 2022.

She has a vast experience in Strategic Human Resources. She walked into the corporate world through Mahindra Satyam, later she associated with Mott MacDonald Pvt. Ltd. Prof. Dr. Savita Mohan (Principal GIPS) gave her inaugural address and welcomes our Resource person Ms. Sakina Husain.

She addressed our students and tells that Companies that aspire to sustain their competitive edge, both at present and in the future require human force well equipped with recent techniques and technologies to face the changes and upcoming challenges of the 21st century. Later she invited our renowned guest speaker to throw some light

on the theme of the guest lecture. Ms. Sakina Husain spoke on the recent developments in HR and performance management. Why more and more companies are moving out of the bell curve performance appraisal. While speaking about the drawbacks of the bell curve and normalization of performance data, she compared it with the Pareto principle of management of 80/20 management.

The session was interactive and actively participated by the BBA students. The total number of students who participated are 102 in numbers. Students clarified their doubts at the end of the session. Dr. Vijeyata Tegwal proposed a vote of thanks on behalf of the Greater Noida Institute of Professional Studies.

### 3. Mata Ki Chowki on April 7, 2022

Times turn blissful when blessings come along the way. These days our country is celebrating the

auspicious days of Navratri. These 9 days are sacred, dedicated to moments of joy, blessings, celebration, gratitude, power, and devotion.

To embark on the same in our way, -GNIOT Institute of Professional Studies, GNIOT organized "Mata Ki Chowki" to seek the blessings of almighty Maa Durga.

The event started with the worship of Lord Durga by Chairman Shri Rajesh Gupta Ji and Shri Gaurav Gupta Ji along with members of the GNIOT family.

The Event then proceeded with melodious bhajans Sang by three melodious singers of Jagran Mandal from Khurja. The celebration was quadrupled by the Jhankis which were mesmerizing and grandeur. The audience received the blessings of Ganpati Ji whose effigy was the

starting point of the event culminating in much more devotion. We witnessed the splendid portrayal of Radha Krishna Rasleela which left the audience gazing on stage. The next was followed by Shiva Baraat where the main center of attraction was Nandi Ji.

Towards the end, all devotes offered Aarti of Maa Durga and distribution of prasad.

#### 4. Blood Donation Camp in Association with Indian Army, Dhaula Kuan on April 11, 2022

“Remember that the happiest people are not those getting more, but those giving more”, Donating Blood is one of the greatest ways to help humankind. By doing so, we save someone’s precious life, and that is a blessing in itself.

We at GNIOT Institute of Professional Studies “Indian Army, Dhaula Kuan” Armed Forces Transfusion Center (AFTC) on 11th April 2022 in the GIPS premises. More than 200 people were registered and donated their blood to the camp. The doctors also highlighted the importance of blood donation and how we can help others by this blood donation. Students were so excited and displayed their enthusiasm towards the Blood Donation Camp by not only participating in the Blood Donation Camp but also encouraging their peers to contribute to this noble cause.

This great initiative was visualized by Prof. Dr. Savita Mohan, Principal, GIPS. The event was organized and coordinated by Prof. Swetha Wahi and Prof. Roushan Kumari from \*Prayaas: Social Club with the help of the entire GIPS team.

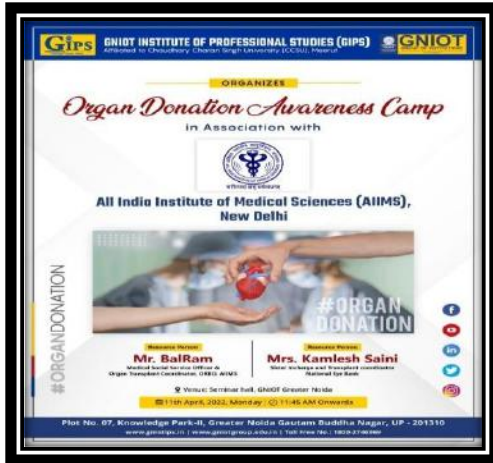

## 5. Organ Donation Awareness Camp in Association with All India Institute of Medical Sciences (AIIMS) on April 11, 2022

“Without the organ donor there is no a story, no hope, no transplant. But when there is an organ donor, life springs from death, sorrow turns to hope and a terrible loss becomes a gift”. We at GNIOTInstitute of Professional Studies (GIPS) organized an “Organ Donation Awareness Camp in Association with All India Institute of Medical Sciences (AIIMS)” on 11th April 2022 from 11:45 am onwards in Seminar Hall. The session was anchored by Prof. Priyanka Rai. The event started with ceremonial Lamp Lighting by the dignitaries present in the event. Principal, Dr. Savita Mohan welcomed the guests and other dignitaries. Madam in her address stressed the facts that how one’s selfless act can save the lives of many people and lauded the ongoing efforts of the organizations that are working in this direction.

The First speaker of the day was Mr. Balram, Medical Social Service Officer & Organ Transplant Coordinator, ORBO AIIMS. Sir in his address emphasized that one person’s decision to donate his organs after his death could save up to 8 lives. But the lack of awareness, various myths, and an absence of a national registry had led to the dismal number of people signing up for Organ Donation. The second speaker of the day was Mrs. Kamlesh Saini, Sister Incharge and Transplant Coordinator, National Eye Bank. Madam in her session talked about the importance of eye donation and the current status of eye donation in India. In India, 4.6 million people are estimated with corneal blindness, which can be treated with corneal implantation which is possible through eye donation programs. Madam emphasized and urged the audience to come forward and donate to this noble cause. Many students and faculty members pledged to donate their organs to this Awareness Camp.

The vote of thanks was proposed by the Dean of GIPS Dr. Avijit Dey. The event was well planned and executed by Prof. Swetha Wahi & Prof Roushan Kumari from Prayaas: Social Club of GIPS.

## 6. Digital Poster Making Competition on the Theme “Save Water Save Life” on April 11, 2022

“Poster design is the silent ambassador of your brand.” HAWK INSIGHTS the IT Club of GNIOT Institute of Professional Studies organized Digital Poster Making Competition for BCA students on the theme “Save Water Save Life”. The activity started under the guidance of Prof. Dr. Savita Mohan (Principal, GIPS), in her inaugural address, she emphasized on creative aspect and thought process of the students to sensitize them towards serious issues. The students expressed creative ideas, skills, and awareness by digitally using various IT tools like MS PowerPoint, Canvas, MS Paint, Coral draw, Mobile app, Microsoft photo editor, and HTML programming language to design posters. One could see

and feel the enthusiasm that the students had in their presentation. This activity kept the student engaged and it was organized to explore and encourage creativity in students. It offers them a platform to showcase their skills. It inspired them to think and work creatively to promote artistic excellence. 54 students of BCA participated earnestly in the competition. They came up with amazing ideas.

Their efforts and initiative were appreciated by Dr. Avijit Dey (Dean, GIPS). Students were evaluated by judges “Dr. Shyam (Hod, B.Com), Dr. InduKala, Prof. Anjum Ara, and Prof. Suparna”. In that evaluation 1st position- Ravi Prakash Prajapati and Purshottam from BCA Ist year, 2nd position- Aniket Samanta and Prince, 3rd position- Naveen Yadav and Sadiya Khan, Sunaina and Tanya Kukreja. The judgment was based on Relevance to the theme, Originality, Artistic composition, Creativity, Message conveyed by the poster and Effectiveness in communicating the intended message. The activity was well organized and executed by faculty members of the BCA department under the able guidance of Prof. VK Pallaw, Head of the Department, BCA.

## 7. Nukkad Natak on “Jallianwala Bagh Massacre” on April 13, 2022

"Patriotism is not short, frenzied outbursts of emotion, but the tranquil and steady dedication of a lifetime." GIPS Cultural club-PARAMPARA, organized a NukkadNatak at the premises of GNIOT on 13h April 2022.

The theme of the NukkadNatak was based on the "JALLIANWALA BAGH MASSACRE".

Students from BBA, B.COM & BCA had worked hard to put up a brilliant performance and paid a humble tribute to the martyrs of that massacre which was greatly appreciated by a large audience comprising of all faculty members and students.

The end of the event was marked by the slogans of "VANDE MATARAM" by the participants of the Nukkad Natak along with 2 minutes of silence to pay homage to the martyrs.

\*\*ऐ मेरे वतन के लोगों, ज़रा आँख में भर लो पानी  
जो शहीद हुए हैं उनकी, ज़रा याद करो कुरबानी\*\*

## 8. Envisioned Innovation- IIC at GIPS

Learning experiences are like journeys. The journey starts where the learning is now and ends when the learner is successful. At the end of the journey doesn't know more, it's doing more. Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation amongst all Higher Education Institutions (HEIs).

A network of these IICs will be established to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system on the campuses. To augment the same, we at GNIOT Institute of Professional Studies (GIPS) are extremely glad to announce that we have successfully established an Institution Innovation Council (IIC), as per the norms of Innovation cell, Ministry of Education, Government of India during IIC calendar year 2021-22. The primary mandate of IIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are in their formative years.

### Focus of IIC-GIPS

- To develop better Cognitive Ability for Technology Students.
- To conduct various innovation and entrepreneurship-related activities prescribed by Central MIC in a time-bound fashion.
- To organize periodic workshops/ seminars/ interactions with entrepreneurs, investors, and professionals and create a mentor pool for student innovators.
- For networking with peers and national entrepreneurship development organizations.
- To organize Hackathons, idea competitions, mini-challenges, etc. with the involvement of industries.

## 9. AIMA National Leadership Conclave on 12 April 2020

We are pleased to inform you that Prof. Dr. Savita Mohan (Principal, GIPS) and Ritu Yadav (Assistant Professor, GIPS) attended AIMA National Leadership Conclave on behalf of the GNIOT Institute of professional Studies (GIPS). It is one of the annual flagship events of AIMA that focuses on a topical theme of national importance and is addressed by eminent speakers including Ministers, CEOs, and Thought Leaders from different spheres of life, who share their views with participants through interactive sessions. This year, the Conclave is scheduled for 12th April 2022 at Hotel Taj Palace, New Delhi. The theme for the Conclave was 'A New Thrust: Reimagine, Reform, Redesign, Rebuild,' and it is being chaired by Dr. Sanjiv Goenka, Chairman, RP- Sanjiv Goenka Group.

### Some of the speakers at the Conclave were:-

Nitin Gadkar, (Minister of Road Transport and Highways), Air Chief Marshal Vivek Ram Chaudhary ( Chief of the Indian Air Force), Sunil Bharti Mittal, Founder and Chairman, Bharti Enterprises, Adar Poonawalla, Chief Executive Officer( Serum Institute of India), Sudha Murty, Chairperson (Murty Foundation & Author, and Social Worker), Loveleen Tandan, Film Director (Co-Director, Slumdog Millionaire), C K Ranganathan, President,(AIMA and Chairman & Managing Director)

It Was Very Comprehensive, Straight Forward, As Always A Wonderfully Interactive Session.

### 10. Marquiz: Marketing Quiz on April 13, 2022

Learning gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes us great”, Keeping the same in mind Vipanan: Marketing Club of GNIOT Institute of Professional Studies organized “Marquiz: Marketing Quiz” on April 18, 2022. The initial screening round was held on April 13, 2022 where 42 teams participated. The final round comprising shortlisted candidates was held on April 18, 2022 Anchors of the event were Ms. Shruti and Mr. Sundaram Upadhyaya students of BBA Second Year. Principal, Dr. Savita Mohan addressed the students and appreciated their zeal and enthusiasm, and opined that such events shape the overall personality and attitude of students and instill confidence in them.

Winners of the event were Mr. Sudeep & Mr. Fahad, First Runners: Ms. Mehak & Aakash, Second Runners: Sushmita & Satish. The event was executed by Prof. Deepika Varshney & Prof. Anjum Ara under the effective supervision and guidance of Principal, Dr. Savita Mohan.

## 11. GIPS Sports Meet on 22nd - 23rd April 2022

“Physical Education is an integral part of the total education system. It helps in the attainment of the ultimate aim of education i.e. the achievement of holistic development”.

Considering this in mind PARAKRAM the Sports Club of GNIOT Institute of Professional Studies has organized a Sports Meet on 22nd - 23rd April 2022.

This venture shall enable the students and staff to have fun, learn new sports, enhance social interaction, and test one's physical capability.

The following events have been organized for the inter-class sports tournaments for students and staff-

- 1) CRICKET: 1st Position: BCA group A, 2nd Position: BBA group B
- 2) CHESS: 1st Position: Anshu Kumar (BCA), 2nd Position: Abhishek Yadav (BCA)
- 3) CARROM: (a) 1st Position: Md. Shamiullah (BBA), 2nd Position: Sagar (BCA)
- 4) TUG OF WAR: 1st Position: Team BBA, 2nd Position: Team BCA
- 5) 100 MTR RACE: (a) 1st Position: Abhishek Yadav (BCA), 2nd Position: Vishal Sharma (BBA)
- 6) THREE LEG RACE: (a) 1st Position: Sunny(BBA), Harsh Nayan(BBA), 2nd Position: Sujeet Kumar Agrhari (BBA), Siddharth Jha (BBA)

Prof. Dr. Savita Mohan (Principal GIPS) inaugurated the sports event by cutting the ribbon accompanied by Dr. Avijit Dey, Dean, GIPS, and HODs and faculty members. The last event of the day was the prize distribution. Prof. Dr. Savita Mohan awarded the prizes to the winners. She also congratulated the winners and delivered a short speech about the significance of sports in student's life. Thus, a joyful day comes to an end, which was a day of great excitement.

## 12. Institute Innovation on 23 April 2022

It is proud to announce that GIPS has conducted its first Institute Innovation Council meet today on 23/4/2022. The objective of the Council meeting was to encourage the students to work on their ideas, which is the first step for them toward becoming a brand. The meet was opened by Dr. Savita Mohan (Principal, GIPS). She has talked about the modus-operandi of IIC. The council meeting was chaired by Dr. Anuranjan Mishra (Innovation Ambassador, Ministry of Education, and GOI).

He has cognized on conducting the innovation activities provided by the ministry and self-planned activities. He further, laid importance on projects of MSME and internship. The meeting was moderated by Ms. Taru Maheshwari (President, IIC) who has focused on the aims of IIC and its significance of it in the development and prospects of youth\*. The meet was attended by the faculty, academics, students, and

corporate professionals. The external members & corporate professionals Mr. Bhudesh Chopra (Digital entrepreneur- CEO SSSI), Mr. Sudeep Chaudhary (Management Consultant- professor), and Mr. Praveen Kumar (Ex-serviceman IAF & Angel investor) concede for collaboration in further innovation endeavors.

The Council meeting will be followed by periodic assessments of innovation in the future. The goals would be mapped with attainment and if gaps are identified, the reasons would be explored and rectified accordingly.

### 13. National Seminar on “Start-ups- Today and Tomorrow “on 25 April.2022

GNIOT Institute of Professional Studies under the flagship of IIC & Inquest – Research & Development club has organized National Seminar on “Start-ups - Today and Tomorrow” on 25 April 2022. The seminar aimed to develop diverse aspirations of a large section of youths & there is a need to impart quality education and train them for future opportunities. The seminar was taken up with the welcome address of Dr. Savita Mohan-Session Chair who has shared valuable input on start-ups and challenges.

She has also motivated the students to come up with different ideas on innovation. Then, the session further proceeded with the insights of Mr. Sudeep Chaudhary (Management Consultant Professor) who has delivered on Skilling youth for dynamic challenges in Entrepreneurship. The Session was followed by Mr. Budesh Chopra (Digital Entrepreneur| CEO SSSI |Director- Digi-Versal Consultants) who has enhanced his knowledge about legalities and digital marketing. The session was also an interaction with the students regarding their ideas and passion. Last, but not least the session was held by Mr. Praveen Kumar (Ex-Serviceman IAF, Angel Investor) who has guided the students regarding financial and techniques to raise findings from different sources. A vote of thanks was presented by Dean GIPS- Prof. (Dr.) Avijeet Dey.

### ***1. Digital Watermarking For Medical Images***

#### **1. Introduction**

There are moral and legitimate commitments for health care suppliers to protect the security and secrecy of patient data, which can hold few of the most knowledgeable data imaginable about a person. Despite the preferences for electronic medical history, there's a better opportunity for the revelation of data to the public platform compared to other formats such as paper-based records. Concerning medical images, three characteristics arise for security which is: confidentiality, reliability, and availability.

Data security of medical images must be made at many levels. It is very important to secure physical access & electronic access to the whole part of the system, starting with capturing modalities, data storage, communication media, server, and ending with doctor's diagnostic workstations. This is possible to be made with standard & proven methods, which are used in communication, it is important to secure data of medical images itself. The **watermarking technique** is a great solution to protect the medical image.

#### **Digital Watermarking Methods:**

Digital watermarking is data inserted into the host object such as image, audio, video, or other computerized information, without any changing its display quality. Digital watermarking is utilized for authentication, copyright protection, medical images, and other applications. The watermarking concept is related to two fields: Steganography, and Cryptography.

**Cryptography** could be a technique to send encrypted data over public networks that as it was authorized individuals can be decoded. When the data is decoded, it is not ensured any longer.

**Steganography** is the procedure of hiding confidential data inside a usual, nonsecret object (Image, audio, video) to avoid detection, whereas the aim of watermarking is to insert data in such a way that it can't be removed.

Out of these data hiding techniques such as cryptography & Steganography, watermarking technique is better suitable and secure for authentication of medical images.

***BCA (HOD)***

## ***2. Organic Farming: A path to a Healthy Future***

### **Introduction**

Organic farming is farming where a farmer nurtures his crop without the use of fertilizers and pesticides and makes his crop free from any harmful ingredients which may affect human life. As the name suggests, Organic Farming is not new for India, perhaps India is doing Organic Farming for a long time. Organic farming was practiced in India for thousands of years. During the 1950s and 1960s, the ever-increasing population of India and several natural calamities lead to severe food scarcity in India. As a result, the govt. was forced to import food grains from foreign

Countries. To increase food security, the government had to drastically increase the production of food in India. The Green Revolution became the government's most important program in the 1960s. A large amount of land was brought under cultivation. Hybrid seeds were introduced.

### **Problems Face by People**

In an attempt to feed people more easily and productively, the food has become full of chemicals that are harmful to our health leading to many of the diseases we are faced with today; obesity, cancer, heart disease, high blood pressure, and diabetes. All of these effects are controllable by the food that we intake, according to an article from the Sustainable Table. Mechanization is the process of changing from working largely by hand with animals and food products to doing that same work with machinery. It is what we now consider, the processing of foods. Machines are used to help make the production of food easier and quicker to produce. Organic foods should be brought more light and invested in over non-organic foods.

### **Organic Farming: A Solution**

Organic farming is a form of agriculture that excludes the use of synthetic fertilizers and pesticides, plant growth regulators, live-stock feed additives, and genetically modified organisms. It is believed that organic farming should replace conventional one for some reasons. Firstly, as far as possible, organic farmers rely on crop rotation, integrated pest management, crop residue, compost, and mechanical cultivation to maintain soil productivity and control pests. Secondly, studies have shown that people who work with pesticides have an increased risk of developing Parkinson's disease. The pesticides examined in these two long-term studies, parquat and dihedron, are not allowed on organic farms. The herbicide parquat and fungicide maneb together, but not alone, have been shown to cause brain damage in mice. A study in 2006 measured the levels of organ phosphorus pesticide exposure in 23 pre-school children before and after replacing their diet with organic food: levels of organ phosphorus pesticide exposure dropped dramatically and immediately when the children switched to an organic diet. Although the researchers did not collect health outcome data in this study, they concluded that "it assumes that children whose diets consist of organic food items would have a lower probability of neurologic health risks."
