3. Workshop on Power of Dressing- Cultivating a power of Image on January 11, 2022

"You can have anything you want, if you dress for it! – Edith Head"

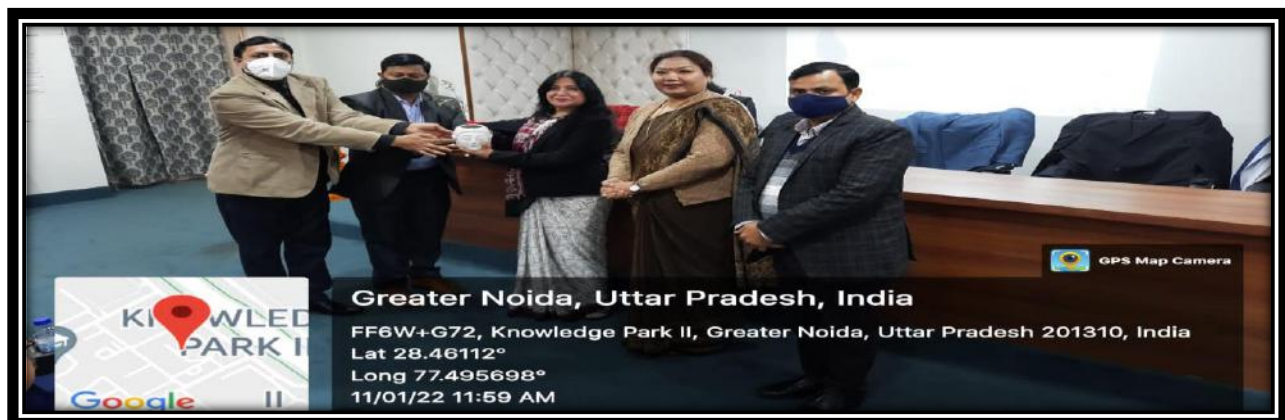

GIPS has tailored a workshop on Power Of Dressing on 11th January 2022 in Seminar Hall Block-A at 11:00 am onwards. The prime intend of the workshop was to impart the choice to put their best selves forward by focusing on the positive outcomes associated with attention to their attire.

The programme formally began with the welcome address delivered by our worthy Principal Prof. Dr. Savita Mohan (Principal GIPS). In her address she appreciated our learned keynote speaker Ms. Vinita Kanotra (Image Consultant and Soft Skills facilitator) and said that to get the right attitude, you need the companionship of the best attire. It

would enable you to propel yourself to the zenith of success and prosperity.

Our learned speaker Ms. Vinita Kanotra (Image Consultant and Soft Skills facilitator) highlighted several notable issues and suggestions on power of dressing. She vocalized what we wear doesn't define who we are, what we want, or what we're capable of – but it influences how we feel and how we're perceived. The clothing we wear every day is sending messages to ourselves and to others about who we are as individuals and how seriously our work should be taken.

Later, she responded to the questions raised by the participants. This was followed by vote of thanks by Prof. OM Prakash Yadav (HOD BBA dept.) It was a great and informative session for students.

4. Open Mic Competition on the eve of Republic Day on January 25, 2022

“Everybody is talented because everybody who is human has something to express”
– Brenda Ueland.

To give the students an opportunity to express themselves, GIPS organized a virtual “OPEN MIC” competition on 25th of January 2022 on Google Meet platform.

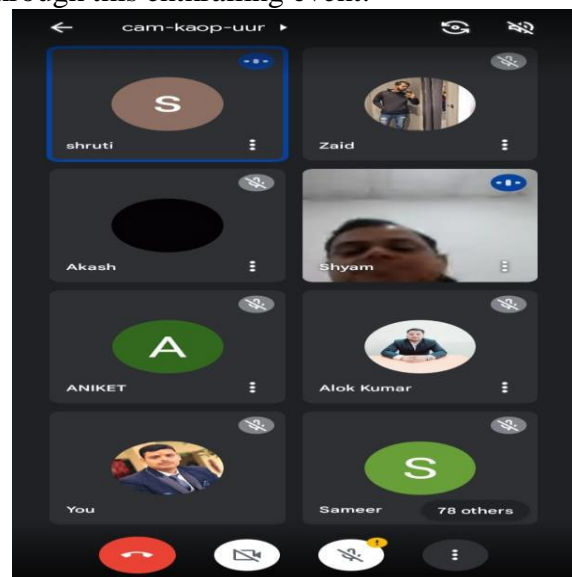

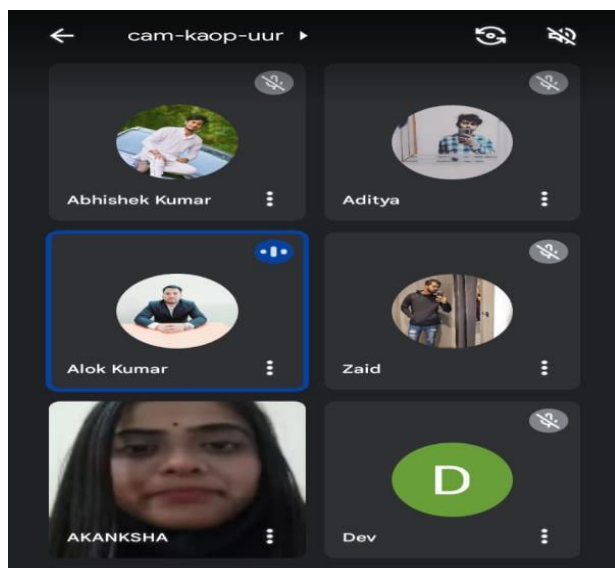

Students came up with amplitude of talent in the form of poems, articles, essays, stories and stand-up comedy. The competition was judged by Dr. O.P. Yadav and Dr. Pallow HODs of BBA and BCA dept.

Public speaking is an art, and, like every other art, it has to be learnt, both in practice and theory. For a man to say that he will never deliver a speech until he has learnt to speak is like saying that he will never go into the water until he has learnt to swim. One cannot learn to swim without going into the water, and one can never learn to speak in public without speaking in public. In both cases, one has to learn by practice; and no

amount of theory without practice will be of any avail. The main objective of this competition was to provide the students a platform to express their views and help them gain more confidence.

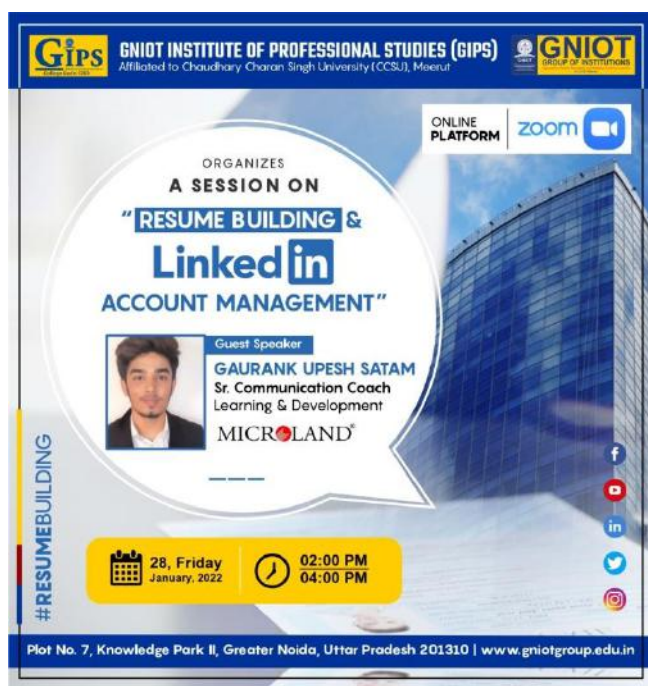

At the end, it became very difficult for the judges to pick the winners due to the tough competition. Finally, the winners were announced.

The efforts and dedication of the team was evident through this enthralling event.
