"The whole purpose of education is to turn mirrors into windows"

Warm greetings from the GNIOT Institute of Professional Studies!

We are elated to unveil the latest edition of our reader's next issue of "संवाद" at the GNIOT Institute of Professional Studies. As we step into the New Year, our belief in collective progress echoes stronger than ever. We aspire not only to excel academically but also to make significant strides in domains that positively impact society's well-being.

Throughout the year, our dedicated faculty and enthusiastic students have actively participated in a myriad of curricular and extracurricular activities, contributing to their holistic career development. Regular workshops, seminars, industry-coordinated lectures, and other extracurricular events are integral features of our dynamic academic landscape.

We extend heartfelt congratulations to everyone for their valuable contributions to the institution's growth. A special commendation goes to the editorial team for their dedicated efforts in bringing forth this present issue of the newsletter. We trust that you will find this edition both delightful and thought-provoking as you explore its content.

Thank you for your continued support.

DEPARTMENTAL ACTIVITIES

Session on Mindfulness Meditation (December 01, 2023)

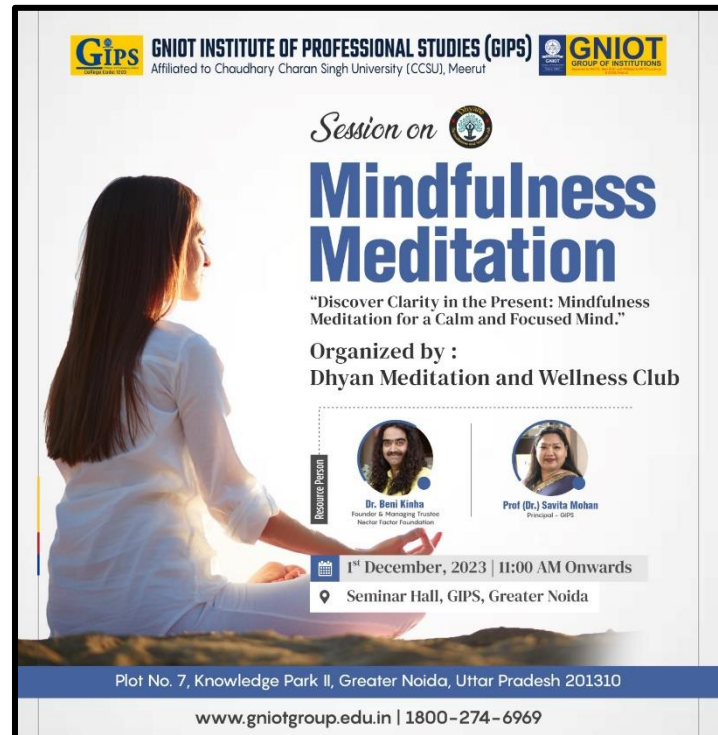

"Life isn't about finding yourself; Life is about creating yourself"

GNIOT Institute of Professional Studies organized a session on "Mindfulness Meditation". The revered resource person for this transformative event was none other than Beni Kinha, the visionary Founder of the "Nectar Factor Foundation."

This session was designed to offer mindfulness training, a valuable tool for students and educators alike. Mindfulness can be instrumental in managing stress, alleviating anxiety, resolving conflicts, controlling impulses, and enhancing resilience, memory, and concentration. In the dynamic and competitive environment of today, our thoughts wield significant influence over our actions and overall well-being.

Students got an opportunity to begin a journey of self-discovery and well-being. It was an enlightening

experience with Beni Kinha, as we explored the transformative benefits of mindfulness meditation.

Workshop on Entrepreneurship Awareness with NIESBUD (December 01, 2023)

NIESBUD Noida, in partnership with Hindustan Unilever Ltd., successfully conducted a two-day Entrepreneurship Awareness Workshop. We are delighted to announce that students from GIPS got an invitation to participate in this insightful event. The workshop proved to be immensely beneficial for the students, cultivating a keen interest in their future entrepreneurial endeavors.

Recognizing that genuine national growth stems from entrepreneurship, the workshop aimed to address the prevalent confusion surrounding the concept and the inherent challenges in its development. Understanding entrepreneurship requires a clear and well-defined direction, and this workshop sought to provide just that.

The two-day event served as a platform for participants to gain clarity on entrepreneurship and its nuances. NIESBUD, located in Noida stands as a Government of India entrepreneurship development and training center, further enhancing the credibility and value of the workshop.

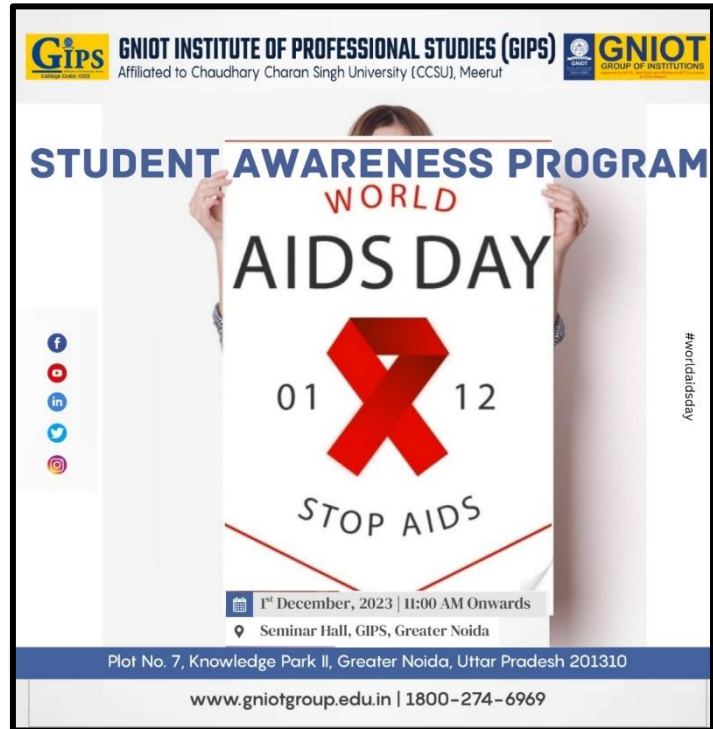

AIDS Awareness Program (December 01, 2023)

PRAYAS, the Social Club of GNIOT Institute of Professional Studies, staged an enlightening session in observance of World AIDS Day.

The club's students delivered a presentation delving into the current landscape of HIV/AIDS and the progress made in treatment methodologies. Their focus centered on advocating for open communication about such illnesses.

This event showcased the GNIOT Institute of Professional Studies' dedication to social awareness and community involvement, underscoring the significance of education and open dialogue in addressing the worldwide challenge presented by HIV/AIDS.

Field Visit at Pipal ka Village (December 04, 2023)

"Small acts, When multiplied by millions of people, Can transform the world"

As part of the Unnat Bharat Abhiyaan initiative, GNIOT Institute of Professional Studies executed a Field Visit aimed at identifying challenges in the rural environs of "Pipal ka Village" in Greater Noida.

This immersive field visit serves a dual purpose. Firstly, it cultivates a profound connection between students and rural communities, instilling a sense of responsibility and engagement. By exposing students to the diverse facets of village life, it encourages a holistic understanding of the challenges faced by these communities. Secondly, the experience acts as a catalyst for sensitizing and motivating students to actively participate in addressing community-related issues.

It empowers them to contribute meaningfully to the collective welfare. The comprehensive scope of the visit encompassed key domains such as Education, Health,

Market, and Occupation, with a focus on addressing major issues within these sectors.

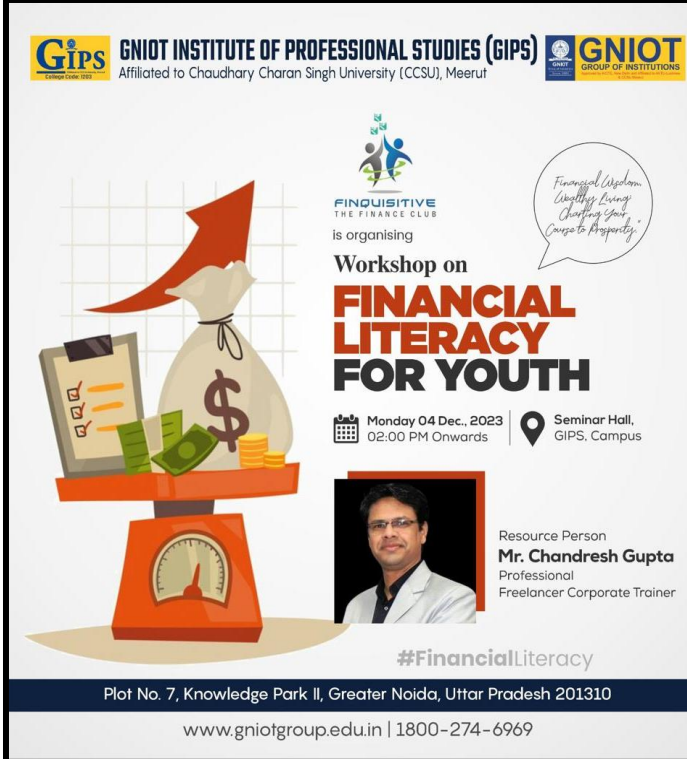

Workshop on Financial Literacy for Youth (December 04, 2023)

Finquisitive, the Finance Club at GNIOT Institute of Professional Studies, hosted a compelling Workshop on financial literacy tailored for young individuals. The event featured Mr. Chandresh Gupta, a seasoned professional with two decades of expertise in the realms of securities markets, education, stock broking, and wealth management. Mr. Gupta is known for instilling strength and capabilities in his audience, encouraging them to rediscover their potential.

Through the program, students gained a comprehensive understanding of essential money management skills, achieving financial stability and independence.

Overall, the event was a significant step towards equipping the youth with the knowledge and skills necessary to navigate the complex landscape of finance, contributing to their personal and professional growth.

The poster features the GIPS and GNIOT logos at the top. It includes the text: "GNIOT INSTITUTE OF PROFESSIONAL STUDIES (GIPS) Affiliated to Chaudhary Charan Singh University (CCSU), Meerut". The central graphic shows a red scale with a money bag and a laptop. Text on the poster includes: "FINQUISITIVE THE FINANCE CLUB is organising Workshop on FINANCIAL LITERACY FOR YOUTH", "Monday 04 Dec., 2023 02:00 PM Onwards", "Seminar Hall, GIPS, Campus", "Resource Person Mr. Chandresh Gupta Professional Freelancer Corporate Trainer", "#FinancialLiteracy", and "Plot No. 7, Knowledge Park II, Greater Noida, Uttar Pradesh 201310 www.gniotgroup.edu.in | 1800-274-6969". A quote in a speech bubble reads: "Financial Wisdom. Wealthy Living. Charting Your Course to Prosperity."

CCS University Kho-Kho Competition (December 09, 2023)

“A TEAM ABOVE ALL, ABOVE ALL A TEAM”

GNIOT Institute of Professional Studies in collaboration with CCS University Meerut, proudly hosted the Intercollegiate KHO-KHO competition. Guided by Professor Dr. Savita Mohan and officials from CCS University, the event witnessed the participation of 11 teams on the first day, narrowing down to 4 teams on the second day.

In an electrifying finale, MBBPG College, Dadri, and NCPE Dadri (Dhoom Manikpur) emerged as the finalists, with NCPE Dadri (Dhoom Manikpur) clinching victory in the Women's Intercollegiate Kho-Kho Competition.

The primary objectives of this tournament were twofold: first, to provide a platform for female students to showcase their talent and hone their skills; second, to nurture team spirit and coordination among the participants.

The successful outcome of the event was evident in the heightened interest it generated for women's Kho-Kho. Moreover, it instilled a profound sense of achievement among the female players, marking a significant milestone in promoting women's sports at GIPS.

Viksit Bharat @ 2047 Utsav (December 11, 2023)

Under the aegis of IIC, GNIOT Institute of Professional Studies actively engaged its students in a live webcast, witnessing the momentous launch of the Viksit Bharat @2047 Ideas portal by the Hon'ble Prime Minister. This initiative aligns with India's ambitious Progression towards establishing itself as a Developed Nation.

The Prime Minister, in his visionary mission, has called upon every Indian to contribute to the nation's development. The inaugural step, the Viksit Bharat @2047 Idea Portal, symbolizes a collective endeavor. During his address, the Prime Minister inspired a renewed energy and commitment to elevate India into a developed country.

The Viksit Bharat Idea Portal now extends an invitation for innovative ideas that can contribute to India's development. The Prime Minister underscored the pivotal role of universities and colleges in nurturing a new generation of innovators and entrepreneurs.

He emphasized the need to mold individuals capable of reshaping the landscape of India, marking a significant stride towards progress.

Poster Competition on Energy Conservation Day (December 14, 2023)

The Institute Innovation Council (IIC) at GNIOT Institute of Professional Studies successfully organized a "Poster Making Competition" on Energy Conservation Day.

The primary objective of the competition was to showcase the creative talents of students as they crafted posters illustrating various ways of energy conservation and emphasizing its crucial role in addressing the current global warming scenario.

The competition witnessed enthusiastic participation from students, who approached the challenge with great zeal. A selection of outstanding posters will be showcased on the college notice board, and participants will be acknowledged with certificates for their active involvement. As a poignant conclusion to the event, participating students collectively pledged to contribute towards maintaining a clean and sustainable environment.

Fresher's Party – 2K23 (December 22, 2023)

GNIOT Group of Institutions recently hosted its much-anticipated Fresher Party-2023, accompanied by a riveting live concert held on the vibrant GNIOT campus. The event unfolded with a captivating inauguration led by the esteemed Chairman, Dr. Rajesh Gupta, Vice Chairman Mr. Gaurav Gupta, Mr. Swadesh Kumar CEO of GNIOT- GIMS, and directors from various institutions, who collectively illuminated the ceremonial lamp dedicated to goddess Saraswati.

During the initial segment of the festivities, the student performances echoed with laughter, musical rhythms, and an infectious vibrant energy. The latter half of the evening witnessed a resounding success with a live concert featuring the charismatic and melodious Amit Mishra. His phenomenal voice had everyone on their feet, contributing to a pulsating energy that reverberated throughout the venue. The infectious smiles, cheers, and positive vibes created an unforgettable experience.

The Freshers' Party transcended being a mere event; it evolved into a profound celebration of new beginnings and shared experiences.

FACULTY CORNER

The Ongoing Conflict: Understanding the Ukraine-Russia War

The conflict between Ukraine and Russia has been a persistent and complex issue that has significantly impacted both nations and reverberated across the global geopolitical landscape. Stemming from historical, cultural,

political, and territorial complexities, the conflict escalated notably in 2014 with Russia's annexation of Crimea and the subsequent outbreak of violence in eastern Ukraine.

The annexation of Crimea by Russia in early 2014 was a pivotal moment that sparked international condemnation and tensions between the two countries. This move followed a controversial referendum in Crimea, which led to Russia's swift annexation of the peninsula, a move not recognized by Ukraine or a majority of the international community.

The situation worsened when pro-Russian separatists in eastern Ukraine, mainly in Donetsk and Luhansk regions, declared independence and sought to break away from Ukraine. This move led to intense fighting between Ukrainian government forces and these separatist groups, exacerbating the crisis and leading to a humanitarian catastrophe in the region.

Accusations of Russian support for the separatist forces, including the alleged provision of weapons and military personnel, intensified the conflict. Russia consistently denied direct involvement in the fighting, stating its support was moral and humanitarian rather than military.

Efforts by the international community to mediate and find a resolution, notably through the Minsk agreements, aimed to establish a ceasefire and a framework for peace talks. However, the implementation of these agreements faced numerous challenges and violations, preventing a sustainable end to the conflict. The ongoing conflict has had devastating consequences.

Thousands of lives have been lost, including civilians, and many more have been displaced. The region's economy and infrastructure have suffered significantly, hindering development and prosperity for the affected communities.

The conflict has also strained relations between Russia and the West, leading to economic sanctions imposed by the United States and the European Union on Russia. These sanctions were intended to pressure Russia to de-escalate the situation and abide by international norms.

Despite intermittent ceasefires and diplomatic efforts, the conflict persisted, with occasional flare-ups of violence underscoring the fragility of the situation. The conflict's resolution remained elusive, with deep-seated mistrust between the parties involved and differing geopolitical interests complicating any prospects for a swift and peaceful resolution.

As of my last update, the situation in Ukraine and the tensions between Ukraine and Russia remained a focal point of concern in international relations. However, given the fluidity of geopolitical dynamics, the situation might have evolved since then, and developments could have occurred beyond the scope of this article.

DIGITAL INDIA: A NEW WAY OF LIFE

Digital India is a crusade launched by the government of India to ensure that government services are made available to citizens electronically by bettered online structure and by adding internet connectivity or making the

country digitally empowered in the field of technology. The action includes plans to connect pastoral areas with high-speed internet networks.

As of 31 December 2018, India had a population of 130 crore people (1.3 billion), 123 crores (1.23 billion) Aadhaar digital biometric identity cards, 121 crores (1.21 billion) mobile phones, 44.6 crores (446 million) Smartphones, 56 crores (560 million) internet druggies over from 481 million people (35 of the country's total population) in December 2017 and 51 percent growth in e-commerce. The Government of India's entity Bharat Broadband Network Limited (BBNL) which executes the BharatNet project is the custodian of the Digital India (DI) project. Digital India Mission is substantially concentrated on three areas

- Furnishing digital structure as a source of mileage to every citizen.
- Governance and services on demand.
- To look after the digital omission of every citizen.

Despite a many remarkable achievements, numerous further enterprises need to be accepted. The government should try to make fresh diapason available to telecom service providers for the deployment of high-speed data networks. Also, startups need to be incentivized for the development of the last a far structure should be further abused for the provision of digital services.

In pastoral and remote areas, private sector players should be incentivized to give last-after connectivity. The overall growth and development can be realized through supporting and enhancing rudiments similar to knowledge, introductory structure, overall business terrain nonsupervisory terrain, etc.

Digital India is an ambitious Programme of the Government of India with a vision to transform India into a digitally empowered society. The focus areas are the creation of a countrywide digital structure as mileage for every citizen, icing governance and services on demand, and the Digital commission of citizens.

From enabling a storehouse of heritage documents in digital format to furnishing a unified platform for all literacy handed by the Government of India, from easing online enrollment and carrying movables in hospitals to propagating wide use of digital autographs, from setting up of a National Centre for Flexible Electronics to creating an Electronic Development Fund as a Fund of finances, from creating the fiber optics backbone structure across the country to moving ahead with the Next- Generation Network that heralds the confluence of voice, data and multimedia services.

Digital India is the most comprehensive Programme under perpetration, designed to harness the immense eventuality of Digital to propel India forward. This explores a new way of life, the ingeniousness of Digital India.

Unlocking the Potential of Artificial Intelligence: Transforming Tomorrow's World

Artificial Intelligence (AI) stands at the forefront of technological innovation, promising a future that seems both exciting and transformative. As we delve deeper into the 21st century, AI has emerged as a cornerstone of modern advancements across various domains,

reshaping industries and redefining the way we perceive technology.

At its core, AI refers to the simulation of human intelligence processes by machines, allowing them to learn, reason, and solve problems. It encompasses a spectrum of capabilities, from basic rule-based tasks to complex decision-making processes, all aimed at mimicking cognitive functions such as learning, problem-solving, and adaptation.

One of the fundamental aspects driving the AI revolution is machine learning, a subset of AI that empowers systems to learn and improve from experience without explicit programming. Through the use of algorithms and data, machines can recognize patterns, make predictions, and continuously enhance their performance, marking a pivotal shift in how tasks are automated and problems are solved.

The applications of AI are pervasive, spanning various sectors including healthcare, finance, education, transportation, and beyond. In healthcare, AI-driven diagnostics and predictive analytics have revolutionized disease detection and personalized treatment plans.

Financial institutions leverage AI for fraud detection, risk assessment, and algorithmic trading, enhancing efficiency and accuracy. Moreover, in education, AI-powered tutoring systems and personalized learning platforms cater to individual student needs, fostering better educational outcomes.

Nevertheless, the rapid integration of AI also raises pertinent ethical and societal concerns. Issues regarding data privacy, algorithm bias, job displacement, and the ethical implications of autonomous systems necessitate careful consideration and regulation. Striking a balance between technological advancement and ethical responsibility remains a critical challenge in the AI landscape.

Looking ahead, the trajectory of AI continues to evolve, presenting both unparalleled opportunities and challenges. Advancements in AI research, such as the development of explainable AI and ethical AI frameworks, strive to address these challenges and ensure that AI systems are transparent, accountable, and aligned with human values.

Ultimately, the journey of artificial intelligence is a testament to human ingenuity and innovation. As we navigate this era of unprecedented technological growth, fostering collaboration between industry, academia, and policymakers becomes imperative to harness the full potential of AI while ensuring a future that is not just technologically advanced but also ethical and inclusive.

In conclusion, artificial intelligence stands as a beacon of innovation, propelling us into a future where the boundaries of what is achievable continue to expand. How we steer this technological revolution will undoubtedly shape the world we live in, making it imperative to navigate this landscape with foresight, responsibility, and a commitment to the greater good.

Effective Communication in Remote Teams: Navigating the Challenges

In today's globalized work landscape, the prevalence of remote teams is steadily increasing, presenting advantages such as flexibility and access to diverse talent pools. However, this paradigm shift is not without its challenges, particularly in

the realms of communication and management. This article delves into the significance of effective communication within remote teams and explores strategies to overcome the associated obstacles.

A critical aspect of this is the establishment of clear and accessible communication channels. Leveraging messaging platforms, video conferencing, and project management tools becomes imperative to facilitate seamless information flow and foster collaboration. Emphasizing the importance of setting expectations and guidelines, the focus is on defining norms for response times, preferred communication channels, and virtual meeting protocols. This helps streamline interactions and reduce misunderstandings.

The integration of technology emerges as a key factor in enhancing communication and collaboration. This involves incorporating project management tools, document-sharing platforms, and collaborative software to facilitate real-time updates, file sharing, and collective problem-solving. Underscoring the significance of regular check-ins and feedback, these provide opportunities for team members to connect personally, discuss progress, and receive constructive feedback, promoting continuous growth.

Cultivating a positive team culture is deemed essential for remote teams. Encouraging open communication, celebrating achievements, and acknowledging individual contributions create a sense of camaraderie even within a virtual setting. In conclusion, effective communication is positioned not only as a necessity but as a strategic imperative for successful remote team management. The article advocates a proactive approach, technology adoption, and the cultivation of a

positive team culture as essential elements for organizations to navigate the challenges of remote work, ultimately leading to increased productivity and job satisfaction among team members.

Conclusion

Effective communication is one of the greatest challenges facing hybrid and remote work environments. But by mastering communication in these modern work environments, we can create effective teams that improve their companies.

To review, some of the biggest issues facing remote teams include:

- A lack of face-to-face interactions
- Difficulty in building relationships
- Issues surrounding miscommunication and misunderstanding
- A lack of cohesion and a sense of community.

To combat these issues, you can:

- Create communication protocols for your teams
- Use video conferencing software and other communication tools
- Make team building and socialization a priority
- Promote open and honest communication

By following the advice listed in this guide, you'll be able to create a productive and profitable hybrid or remote team for your business.

जीएनआईओटी में विश्वविद्यालय स्तरीय महिला खो खो प्रतियोगिता का आयोजन

मास्कर ब्यूरो

ग्रेटर नोएडा। नॉलेज पार्क स्थित जीएनआईओटी इंस्टिट्यूट ऑफ प्रोफेशनल स्टडीज में सीसीएस यूनिवर्सिटी की विश्वविद्यालय स्तरीय इंटर- कॉलेज महिला खो खो प्रतियोगिता 8 और 9 दिसम्बर को आयोजित की गई। दो दिनों तक चलने वाली इस प्रतियोगिता में विभिन्न कॉलेजों की 12 टीमों शामिल हुईं और छात्राओं ने अपनी खेल कौशल का प्रदर्शन किया। कल इस प्रतियोगिता का उद्घाटन संस्थान के चेयरमैन डॉ राजेश कुमार गुप्ता ने किया। अपने संबोधन में उन्होंने खेल की महत्ता पर प्रकाश डालते हुए कहा की हर व्यक्ति को खेल कूद में भाग लेना चाहिए, खेल शरीर को चुस्त दुरुस्त रखने का एक अच्छा साधन है, जीआईपीएस संस्थान की प्रिंसिपल प्रो.डॉ.सविता मोहन ने इस मौके पर छात्राओं को उत्साहित करते हुए कहा इस

प्रतियोगिता के माध्यम से हमने देखा कि हमारे विश्वविद्यालय के छात्र-छात्राएं खो खो में अपनी प्रतिभा को कैसे बढ़ाते हैं। इस प्रतियोगिता के आयोजन का मौका हमारे संस्थान को मिला यह एक गौरव का क्षण है और आगे भी हम ऐसे आयोजन करवाते रहेंगे मैं सभी प्रतिभागियों को उनके प्रदर्शन के लिए बधाई देती हूँ। इस आयोजन में शामिल हुईं टीमों ने एक-दूसरे के साथ मैचों का मुकाबला किया और उन्होंने

एक उच्च स्तरीय खो खो खेल का प्रदर्शन किया। सभी टीमों ने अपनी अद्वितीय खेल शैली दिखाई और दर्शकों को रोमांचित करने में सफल रहीं, फाइनल मैच एनसीपीईपीजी कॉलेज गौतम बुध नगर और एमबीबीपीजी कॉलेज दादरी के बीच हुआ जिसमें एनसीपीईपीजी कॉलेज दादरी की टीम ने प्रथम स्थान प्राप्त किया तथा एम्बीबीपीजी कॉलेज दादरी रनर अप रही। इस प्रतियोगिता के लिए चौधरी चरण

सिंह विश्वविद्यालय ने दो पर्यवेक्षक डॉ डी सी मौर्या, डी जे कॉलेज बड़ौत और डॉ प्रियंका यादव एम बी पी जी कॉलेज दादरी को नियुक्त किया था जिन्होंने इस दो दिवसीय प्रतियोगिता को सफलतापूर्वक पूरा करवाया। समापन समारोह के दौरान, विशेष अतिथियों ने विजेता टीमों को पुरस्कृत किया और उन्हें ट्रॉफी और मैडल प्रदान किए गए। समापन समारोह में सभी छात्र-छात्राएं, शिक्षक-शिक्षिकाएं और अन्य उपस्थित लोगों को भी सम्मानित किया गया जो इस प्रतियोगिता के सफल आयोजन में सहायक रहे। इस इंटर- कॉलेज प्रतियोगिता के समापन पर, आयोजन समिति ने सभी भागीदारों का आभार व्यक्त करते हुए उन्हें सफलता और उत्कृष्टता की शुभकामनाएं दीं। हम आशा करते हैं कि आने वाले वर्षों में भी हम ऐसी ही रोमांचक प्रतियोगिताएं देखेंगे।

एनसीपीई पीजी कॉलेज टीम जीती

ग्रेटर नोएडा (संवाद)। जीएनआईओटी इंस्टिट्यूट ऑफ प्रोफेशनल स्टडीज में अंतर महाविद्यालय खो-खो प्रतियोगिता का आयोजन किया गया। इसमें 12 टीमों शामिल हुईं। एनसीपीई पीजी कॉलेज दादरी की टीम प्रथम स्थान पर रही। टीम ने फाइनल में एनसीपीई पीजी कॉलेज गौतमबुद्धनगर को हराया। एम्बीबी पीजी कॉलेज दादरी रनरअप रही।
